Winner's Hall of Fame

- **Jack Burman** has won the [Card Game Contest](#) with his version of the classic game Go Fish! Thanks to all who entered the contest and congratulations again to Jack!.
- **Stefan Pendl** has won the [HTML Help Search Challenge 2011](#) to create a program that searches the Liberty BASIC HTML help pages. Stefan's entry was professional, contained well-structured code, and provided the most flexible search parameters. All of the entries offered great options, so have a look!
- **Joseph** has won the [2009 Extreme Jack-o-lantern Challenge](#). The voting was close and all entries caused a smile or two. Thanks everyone for participating. Check out the great graphics of all the entries. They're worth the copy, paste, and run!
- **Janet Terra** won Brad Moore's [Graphic Farkle Contest](#), but **Rod Bird** and **cundo** had entries that made the decision very difficult. Congratulations, Janet and thanks to all who entered.
- **Janet Terra** won the [Simple Form Designer Contest](#) with her fantastic entry. **Willie Lee** and **DRocks** also entered wonderful programs. Great job, everybody!
- **Alyce Watson** took top honors in the Valentines 2008 Sharefest challenge with her Rich Text DLLs to create controls allowing user to change fonts, size, color, etc of their text. Outstanding Job Alyce! In the spirit of the Fest Honorable Mention goes to all participants (in order of participation) : harmonv, Janet Terra, LuckyKid, mike_ukmid, John Davidson, Noble Bell, RiJoRi, and of course, Alyce, who proves good things are definitely worth the wait.
- **Harmon V** is the winner of the Lesson Browser Contest. He got the choice of winning Liberty BASIC Assist or the Run BASIC Personal Server, with his entry on Analysing Text
- **brcflip2001** and **Sephi** and **Janet Terra** and **Alyce** are co-winners of the slideshow challenge, October, 2007.
- **JosephE** has won the extreme drawing challenge with his entry, PixelPad.
