

## John Fisher- United Kingdom

I'm a great fan of wikis and look forward to developing things here. Meanwhile, most of my LB stuff sits at [My LB pages](#)

As you'll gather from my net-name I'm a *hispanophile*. My son lived several years in Seville, Espana and Guadalajara, Mexico.

He's now moved via San Francisco/Oakland and heading for Portland, Oregon. Currently living in Salt Lake City.

My on-line name of tenochtitlanuk is based on the Aztec name for what was to become Mexico City, DF. Add 'uk' because I'm a Brit!

Picture above is of me 9000ft up in the Canary Islands. Europe's answer to Hawaii...
